# This year's most innovative Summer School

Once again the Management of **BRITISH SCHOOL XÀTIVA** is proud to present a fun and educational way for pupils to spend the first month of their summer holidays, our "2019 SUMMER SCHOOL" course. The length of the course is the same as in previous years (4 weeks in total, starting on June 27th and finishing on July 24th with the following timetable: from Monday to Friday, from 10.00 a.m. to 5.00 p.m.). **However this year we have changed the programme significantly to create a different course, full of innovation, with surprising activities that will make it even more enjoyable.**

During this time your child will enjoy the following activities:

- \* **3 hours a day of English lessons with native English teachers.**
- \* **1 hour a day of swimming** with specialized monitors and swimming pool assistants for supervision (we have 2 outdoor swimming pools that are used depending on the pupils' age group). Each week is dedicated to a specific learning outcome; swimming strokes, first aid, aquatic sports and aqua aerobics.
- \* **Rotational activities according to age: Cooking Club, Lego Robotics, Fun Science** (imparted by a physics teacher from British School Alzira), **DJ's Workshop** (imparted by professional DJ), Acrobatics, Advanced **Football/Volleyball** Training workshop, **Funky** Dance lessons and **Adventure** Sports (zipwire, climbing wall, archery...) as well as Outdoor Sports with specialist instructors: cricket, colpbol, pinfuvote... **Art & Craft** Workshops. Several of the activities will be interlinked and will also relate to the contents of the English lessons that will be taught, enabling the students to apply their English skills in real life situations. **Tennis** lessons will also be available as an optional activity (from 4 years of age) during the school timetable.
